We are committed to continuing dental education and keeping abreast of the changes in modern dentistry. We encourage preventive techniques – helping you to understand how to maintain the health of your mouth and keep it free of tooth decay and gum disease.

We are delighted to offer the **Dental Care Plan** – our own membership scheme, which enables us to provide you with the treatment and support necessary to control dental disease and restore your mouth to full fitness. Our modern health-promoting approach with continuing care means:

- Fewer fillings
- Less dental decay
- Less likelihood of toothache
- More attractive teeth
- More choice
- Reduced costs
- Helping to keep your own teeth for life.

Why suffer dental disease when you can enjoy dental health for life?

EXTENDED PAYMENT SCHEME

For Plan members whose additional treatment costs more than £400, we offer the convenience of being able to spread the payment over a number of months by simply adding the fee to the existing Direct Debit. Please note our normal discount rate is reduced from 20% to 10% when the Extended Payment Scheme is used. A deposit may be required. Use of the Extended Payment Scheme is entirely at the discretion of the dentist. Our staff will be pleased to discuss the details with you.

WORLDWIDE TRAUMA AND EMERGENCY CALLOUT INSURANCE

Emergency Callout – cover can be provided by any dentist worldwide who agrees to treat you. You simply pay the emergency callout charge to the dentist concerned and collect a receipted invoice. This will then be processed through the practice for reimbursement from the insurers and you will be refunded the callout fee, minus the excess, up to the policy limits. This cover is to provide immediate pain relief only; no additional or restorative treatment fees can be claimed. You should return to the practice in normal hours for any further treatment required.

Dental Trauma – cover is provided should you be unfortunate enough to suffer a dental trauma, for example, as a result of a road traffic accident or an accident at home or at work. The insurers will settle the claim up to the policy limits and you will need to pay any relevant excess.

Hospitalisation – benefit is provided should you have to stay in hospital as a result of dental trauma.

Permanent Facial Disfigurement – benefit is provided should you be scarred on the neck or face as a result of the accident.

Oral Cancer – a payment will be paid upon diagnosis of oral cancer.

Redundancy Protection (not included in the Registration and Insurance Scheme) – Plan premiums paid for up to one year.

A leaflet giving details of the insurance cover, limits, excesses and exclusions is available at the practice.

Practice staff are permitted to provide you with information about the insurance that is included in your Plan on behalf of Practice Plan Limited, the Plan Administrator. However, practice staff are not permitted to give advice about the insurance, e.g. to compare this insurance with other dental insurance in the market. If you have any questions about this insurance then please call Practice Plan Limited on 01691 677954.

YOUR CHOICE FOR DENTAL CARE WITH US

As individuals we are having to make more and more provision for our own health needs. The **Haslemere Dental Centre** believes that the best way of making treatment affordable, without compromising our high quality of care, is to offer you membership of our own **Dental Care Plan** which provides the following benefits:

- A convenient payment scheme for routine treatment
- Greater choice of treatment and materials
- More time to help prevent decay and gum disease
- An Extended Payment Scheme to spread additional costs
- A fair and equitable system where everybody pays the same
- Substantial discounts on additional treatments and sundries
- Worldwide Trauma and Emergency Callout Insurance
- Redundancy Protection.

YOUR CHILD'S DENTAL CARE

Children are born free of dental disease, yet by adulthood a significant proportion of the population has active gum disease and most people have experienced some tooth decay and even tooth loss. It is our belief that disease can be prevented. Our aim is to provide your child with the best dental care available to secure their dental health. We ask patients to bring their children with them from birth so that we can see them regularly to help them grow up free from dental disease. For more information on the best option for your child's dental care please ask a member of our team.

REGISTRATION AND INSURANCE SCHEME

If you would prefer to pay on a fee-per-item basis, we strongly recommend that you use our Registration and Insurance Scheme. Registration with the practice costs £25 per year and will include the insurance cover described previously. It is, however, conditional upon you attending the practice at least once a year for a check-up and having any remedial work undertaken as soon as possible, payment for which is not covered.
